

**Graduate Council Meeting
Per Electronic Vote**

Dr. Aparna Palmer provided the committee members a proposal to offer **BIOL 533- Marine Invertebrate Communities**. This course is a 3 credit lab and lecture classes offered during summer 2007. Committee members were asked to review the documents (course proposal form and syllabus) and vote electronically for the approval of the graduate course.

Votes were as follows:
Approve- 8 members

****The BIOL 533 graduate course proposal brought to the Graduate Council by Dr. Aparna Palmer has been approved by member vote on April 20, 2007.**
