

Geology Club

The members of the 2003 Geology Club welcome all students (or non-students) to join the club. The cost is \$5 for the academic year. Benefits include eligibility for scholarship money (especially for the Field Studies course). The 2003 Geology Club officers are pictured below. Ted, Cheri and Meredith are all currently taking Mineralogy and they just love memorizing all of the minerals!

Please check this website for updates on club events. Upcoming events are listed below.

Geology club officers: from left to right Ted Rodriguez (Vice-President), Sherry Hale (secretary), Cheri Price (president), Meredith Harvey (Treasurer)

The Geology Club participated in the Oct. 2003 Earth Science Week by giving a rock/mineral/fossil demonstration to the fourth graders at Tope Elementary.
